

TOTAL CARE PACKAGE

COMPLETE AIRPORT SECURITY

AIRPORT SECURITY

Westminster Aviation Security Services Ltd (WASS) have developed a unique programme to assist Governments, Airport Authorities and Airport Operators to bring their airports to international standards, at no cost to the authorities and with no additional cost or further investment required, by them, for the life of the contract.

Under the Total Care Package WASS provide all the investment and expertise required to bring the airports up to international standards including the installation and maintenance of all airport security equipment, the provision of manpower and management and the delivery of all relevant training to international standards. WASS can also accept full responsibility for payroll cost of the civilian security workforce within the airports thereby saving the authority significant costs, as well as providing the authorities with an ongoing income stream through concession fees.

Where necessary additional services can include the provision and / or review of the National Aviation Security Plan (NASP), Airport Security Plan (ASP) and Standard Operating Procedure (SOP's)

The Proposal

Under this package Westminster Aviation Security Services proposes to:

- Significantly improve and enhance security at International & Domestic Airports at no cost to the Government or Airport Authority;
- Provide the investment and expertise required to improve and enhance airport security and infrastructure;
- Deliver the Government / Airport Authority an ongoing income stream via concession fees and enhanced tax revenue;
- Ensure ongoing compliance with ICAO and International requirements;
- Invest in the local community providing employment and local purchases;
- Enhance the efficiency of security operations;
- Ensure quality of services to the Airport Authority and airline operators through the use of KPIs and ISO9001 Quality Management Systems;
- Enhanced security can attract further airline operators and passengers to the country.
- Potentially Increase the airport capacity;

The Benefits

- **World Class Airport Security** – WASS will provide world class security processes and technology systems that provides safe, hassle free and efficient experiences for travellers, meet and exceeds all international regulations and give essential tools to address public safety issues and can enhance economic development;
- **New Technology** – upgrades and maintenance provided by Westminster on a continual basis throughout the life of the contract;
- **Substantial Economic Benefit** – Significant government cost reduction on existing security responsibilities at international airports, with no further investment required. Economic benefit to the local economy, employment opportunities and local purchases;
- **Government Revenue Stream** – Concession fees potentially generating significant revenue per annum and enhanced tax revenue to Government;
- **Provision of Shared Resources and Intelligence** – With agencies and key Stakeholders such as: Customs, Immigration, Police, Army, Airlines, Airport Operators, Ground handling & Others.
